DLA Piper is pleased to announce it was ranked number three on *Law360's* annual Global 20 list of law firms. The editors describe the selected firms as having "the broadest global reach and the proven ability to handle the most difficult cross-border matters."

The firm was noted for its involvement in a range of high-profile, high-stakes cross-border matters, including its representation of Sanpower Group Co. Ltd. in the US\$ 820 million acquisition of Seattle-based Dendreon Pharmaceuticals, and for its expansion domestically in Los Angeles and Texas as well as globally from the Nordic region, to Lisbon, Portugal, and across South America.

DLA Piper has been included on the *Law360* Global 20 every year since the list was first published in 2011.
