

DLA Piper maintains the strongest position in the Nordics

Christian P.N. Fenner
Partner, Head of Corporate
(Norway)

Kjetil Haare Johansen
Partner, Country Managing
Partner

For the 7th consecutive year, DLA Piper is the law firm assisting in the highest number of transactions in the Nordic region, according to the Mergermarket Legal Advisor League Tables 2023.

Our lawyers in the Nordic region have been involved in 262 registered transactions in 2023. DLA Piper also tops the list of transaction volume globally and in Europe.

In Norway, our team completed 59 transactions throughout the year. This achievement marks DLA Piper Norway's highest-ever ranking in Mergermarket's league tables.

Significantly, Christian P.N. Fenner, partner and Head of Corporate M&A at DLA Piper Norway, is one of the top two lawyers (level 1/partners) in terms of deal volume in Norway for 2023, with an impressive personal contribution of 14 completed transactions.

"This result is a testament to the strength of the firm's M&A teams across the Nordic and our commitment to providing exceptional results for our clients. I would like to thank our clients for their trust in Norway, the Nordic region, and globally in 2023. We look forward to continuing the good cooperation in 2024", says Christian P.N. Fenner.

Our annual Global M&A Intelligence Report

This report provides insights and trends on M&A activity across the world. The most recent report is based on an analysis of approximately 800 private M&A deals undertaken in 2022 - including approximately 200 in the Nordics, 120

in the UK, 170 in Continental Europe, 250 in the US, and 50 in Asia Pacific. It also draws on the analysis of over 2,500 further deals undertaken in 2018-2021.

For comprehensive insights into cross-border transactions, request your copy of our Global M&A Intelligence Report [here](#).
